

**Pretty Amazing Neil**  
**Music by Neil Diamond - Lyrics by Joan Nurczyk**

Pretty Amazing Grace is what you showed me  
Pretty Amazing Neil is who you are  
Dejected men and women  
More than a bit deprived  
Until Amazing Neil and band arrived

Pretty Amazing Neil felt true compassion  
Pretty Amazing Neil uplifted hearts  
Helping the homeless victims  
Of such a vicious storm  
Building amazing homes to keep them warm.

Overcame what nature's atrocity  
Imposed upon a charming island  
Showed them your generosity  
Pretty Amazing Neil was what they needed

Humbled by everything that you accomplished  
Hungering nonetheless to hear your sound  
Brimming with admiration  
Wanting to clap and cheer  
Wanting Amazing Neil to reappear.

You are a gem among the human race  
Have the experience to know that  
You put a smile upon each face,  
A musical embrace, exactly what is needed

Viewing the Program, I see your reflection  
Open the book, you live on every page  
This tour went by too quickly  
But I'll be there next time  
Always Amazing Neil is on my mind

Have a bunch of cool N.D. shirts  
And a new hoodie for N.D. fans  
They help me cope and go back to work  
Until Amazing Neil announces tour plans

Pretty amazing Neil sings with precision  
Each note and word composed so carefully  
Each song he writes, I ponder  
Ponder it shamelessly  
Stunned that Amazing Neil relates to me.

Pretty Amazing – Neil  
Pretty Amazing – Heart  
Pretty Amazing – Mind  
Pretty Amazing – Kindness

Pretty Amazing – Talent  
Pretty Amazing – Band  
Pretty Amazing – Shows  
Pretty Amazing – Neil

You are a gem among the human race  
Have the experience to know that  
You put a smile upon each face  
Showed me that love and truth and hope and grace  
Are all that's needed!
